Linda,

If you can supply me with a blanket order for this quantity, we will stock it here for you and release it to you as needed over a 12 month period. You would not be billed for material until it ships to your facility

We would have material ready to ship in about a month with a prompt order. I cannot put in an order with the mill without a commitment

Chantal,

Our packing list doubles as a certificate of conformance

Attached is the paperwork you received for a similar order back in 2010 for your reference. I apologize for the poor quality, we had to scan it into our system. No other paperwork is associated with this order.

You would receive something similar for the order just placed, except it would be to the exact way the material was offered

Let me know your thoughts after reviewing

Kindest Regards,  
Anthony

Good Morning Linda,

It has been a while since we have sold DART any materials, so it might be best to send in references just to be safe (1 Bank reference & 3 Trade References) to get you set back up in our system

We have this on contract order with the mill, so it will take us about a week (possibly sooner, we will do our best) to receive, inspect, and prepare the order for shipment

Being that this is an urgent requirement, please send over the purchase order so we can begin to process and please be sure to include the information requested above.

We will advise as soon as it is ready to ship so you can arrange pick up with your freight carrier

Kindest Regards,  
Anthony
